Egypt Troops Land In Syria

East German Currency Is Changed Over

Outside World Is Sealed Off; West To Lose Millions

BERLIN, Oct. 13 (AP)—Communist East Germany sealed off its people from the outside world today while it pushed through a blitz currency changeover that cost the West millions.

In a surprise broadcast at 7 a.m. Prime Minister Otto Grotewohl ordered the 18 million East Germans to surrender their money for the new currency before 8 p.m.

Communist police and officials immediately began herding sleepy-eyed citizens to emergency conversion centers in banks, schools, factories and restaurants to get the new bills at the exchange rate of one for one.

Each citizen was allowed cash for what he surrendered, up to 300 marks—about \$16 at the Western exchange rate. The Reds promised the balance could be drawn from banks starting next Saturday.

Western experts said this will give the Stalinist regime a detailed accounting of the money held by each citizen and open the way for a new squeeze on what little private business remains.

Old Money Valueless

The old East German currency issue of about five billion marks became valueless—except for coins and bills up to one mark.

As gun-toting Red police and soldiers closed a steel ring around the satellite nation, untold millions of East marks held in West Berlin and West Germany became worthless.

For the first time since the 1944 Russian blockade, the autobahn road link between West Germany and isolated West Berlin was closed to German traffic. East Berliners were forbidden to enter West Berlin. Pedestrians entering East Berlin from the West were picked up by police or questioned and searched on the spot.

Western officials met to consider a protest to the Russians against what they regarded as a violation of the four-power occupation accord on free German traffic within Berlin and on the autobahn link to West Germany. Travel is expected to return to normal tomorrow.

In his broadcast the East German Premier charged that East marks had been hoarded in West Germany and West Berlin for currency speculation and for the financing of espionage organizations. Grotewohl said the conversion would make these holdings worthless.

Millions Piled Up

Millions of East marks have piled up in the hands of West Berlin and West German banks, open market exchange offices, businessmen, speculators and various of official agencies. Most came from East Germans who secretly bought West goods unavailable in their own pinched economy.

The West Berlin Exchange Office Assn. estimated the changeover caught West Berlin banks and exchange offices with about 20 million East marks in hand.

Tanker Captain Relates Rescue From Raging Sea

HONOLULU, Oct. 13 (AP)—A tanker captain told for the first time today how he and 41 crewmen were rescued in wildly tossing seas from a mid-Pacific reef by a Navy landing ship while circling planes dropped flares on the eerie, midnight scene.

The dramatic rescue, accomplished while a gale lashed waves 10 feet high, required several hours. The seas were so rough the rescued couldn't climb a cargo net onto the landing ship. They had to be hoisted aboard—small rescue boat and all.

The graphic story came from the tanker captain, Perry K. Courtneyman, 62, a veteran of 40 years

Queen Talks To Canadians Over Video

Hopes To Return For Visit With Children In 1959

By WARREN ROGERS JR.
OTTAWA, Oct. 13 (AP)—Queen Elizabeth II told Canadians tonight in her first live television speech she hopes to come see them again in two years, and perhaps bring her two children for a visit.

In English and French, the 31-year-old Queen thanked the people for their hospitality on her visit in 1951 as a princess, apologized for staying only four days this time, and said she hopes she will be back in 1959 for the St. Lawrence Seaway opening.

"We hope," she said, including her husband Prince Philip who is with her now, "we hope that one day we shall be able to bring our children here."

Her visit in 1951 will be more extensive, she said. Her present stay, confined to Ottawa, ends Wednesday when she goes to the United States.

"In 1959 I am hoping to be present when the St. Lawrence Seaway is opened," she explained, "and then I hope to take that chance to travel more widely across the country."

Praises Industry

The Queen did not ignore Canada's industrial advances and economic strength. She praised "adventurous undertakings" and exclaimed "great things have happened here in the last six years" since her previous visit.

Earlier she and Philip went to church for Canada's Thanksgiving Day services.

On the way, they stopped in the brilliant sunlight in Confederation Square and laid a wreath of oak and maple leaves at Canada's National War Memorial. Philip quipped with war veterans.

Elizabeth noted in her speech that when she opens the 23rd session of the Canadian Parliament tomorrow she will be the first sovereign to do that personally.

She set the tone of informality immediately with the words:

"Tomorrow I shall address your representatives. Tonight I want to talk to you more personally."

It was the kind of approach some critics of her oratorical style had called for. But nobody in the royal entourage would say that she changed her platform style because of such criticism.

The Queen's address was also radio-broadcast throughout Canada, and some U.S. networks arranged to send it out, too—ABC, CBS, NBC and CBS live radio.

One Great Family

For Canada's children, she had a particular word: "You all belong to one great family. You live in a wonderful and exhilarating country. So many other children would love to share your happiness."

Looking toward her U.S. visit which includes four days as guest of President Eisenhower in Washington, Elizabeth told the Canadians: "When I go to the United States I shall be going as head of the Canadian nation. . . . I want you to reflect that it is the Queen of Canada and her husband who are concerned."

The new bell, weighing more than 44,000 pounds, replaces the historic old Boomer, which crashed from the flaming steeples of St. Stephen's when it was hit by shellfire in the battle for Vienna during the late stages of World War II.

In 1952 the people of the Province of Upper Austria presented the new bell, partly made from fragments of the old one. The old bell had been cast in 1711 from bronze cannon captured from the Turks in their siege of Vienna. It weighed 20 tons and was 10 feet in diameter. It was rung only on special occasions because it was so huge it shook the old steeple dangerously.

The new bell was given a stately procession from Linz, where it was cast, to Vienna in 1952. The Russian occupation army relaxed its zonal check points to let accompanying church dignitaries take the Boomer through without formalities.

Since then the bell had rested outside the cathedral waiting the reconstruction of the 315-foot steeple where the old Boomer had hung. Ten days ago the new Boomer finally was moved into the church.

"I feel proud and happy to be Queen of such a nation."

The queen was radiant and smiling in her public appearances earlier in the day.

Police Seek Bomb Sender

LONDON, Oct. 13 (AP)—British detectives have asked International Police headquarters in Paris to help them solve the mystery of a parcel bomb mailed to a pretty young actress.

The remaining eight are with salvage ships at the reef but Countryman saw no hope of saving the 5,700-ton tanker.

"It's just a matter of time until she'll break up," Countryman said.

Countryman, of Long Beach, Calif., said this is what happened:

The reef seemed to rise "right out of the ocean" on a dark and rainy night Tuesday. Winds drove the tanker firmly aground. She began to list as water leaked in.

Twice doughty crewmen of the rescuing LST—landing ship, tank—boarded small boats and threaded through jagged coral reefs Wednesday night to make the rescue with British European Airways.

The parcel was mailed in London. A postman tossed it up to the window of Miss Cooper's apartment, and a man friend caught it and passed it on to her. As she opened it a battery-operated detonator set off the bomb—a bottle-shaped metal cylinder packed with lead shot.

They took off 22 the first trip. When rough seas prevented the rescue LST—landing ship, tank—boarded small boats and threaded through jagged coral reefs Wednesday night to make the rescue with British European Airways.

Scientists Studying Companion Rocket With Soviet Sputnik

WASHINGTON, Oct. 13 (AP) — Sputnik's rocket companion stole the show today with a brilliant performance for amateur skywatchers and qualified for possible top billing on the scientific stage too.

"I rather think we'll learn more for a while from observing the rocket than the satellite itself," said a spokesman for the Naval Research Laboratory's Project Vanguard, center of U.S. satellite efforts.

The rocket, which went into an earth-circling orbit of its own while giving Sputnik its final boost into space, is now believed by Vanguard scientists to be losing altitude in the first stages of a fall that would end with its burning up like a meteorite in the earth's atmosphere.

"We know it is losing altitude," the spokesman said, but added that whether the plunge will come in days, weeks or months has not yet been calculated.

Sputnik itself showed up today apparently right on schedule. Dr. John P. Hagen, Vanguard director, has said that the satellite will maintain a fixed orbit and stay up a year or more.

The burnt-out rocket remnant, less dense than the tightly packed satellite, is believed to be more subject to frictional slowing down in the extremely rarefied atmosphere where the two bodies are orbiting.

After the minutes of the preceding meeting were read and approved, Harry E. Miller, artificial breeding inseminator, gave a report of his activities for the past year.

He reported 1,251 first services, a decrease of 69 from 1,320 first services last year.

The local cooperative, he said, was in favor of discontinuing Angus semen service. Hereford semen is available. Everett Mullenax, representative of the state association, announced that the group is breeding 25 per cent of the cow population in Maryland, a 5.9 per cent increase over last year.

Some 50 per cent are being bred in Allegany County, he said. He also announced that the Maryland Breeding Co-Op has merged with the Breeding Co-Op of West Virginia and the collection center with storage facilities will be maintained at the University of Maryland.

The merger, Mullenax said, will bring about a more economical unit and an increase in the volume of business. He also showed a number of slides. Additional information on artificial breeding may be obtained from Mr. Steger at his office in the Court House.

Meg's Friend Plans To Wed

LONDON, Oct. 13 (AP) — A calypso-swinging bachelor friend of Princess Margaret today was reported planning to marry a wealthy American girl.

He is Rory McEwen, 26, member of one of Scotland's leading families. The girl is Romana von Hofmannstahl, 22-year-old member of the American Astor clan. Her grandfather, Col. John Jacob Astor, was drowned when the Titanic went down.

Guitar-playing McEwen, who entertains on British television singing calypso songs, reportedly is waiting for Romana's return from America before announcing the engagement.

McEwen, whose father was once undersecretary of state for Scotland, shied away from discussing romance with Romana but said:

"She doesn't seem to object to my musical activities and that's something. A lot of people do, you know. She hasn't a job. Been at college. Yes, she comes from the most complicated family."

Romana's parents were divorced. Her father's present wife is a sister of the Earl of Anglesey. Her mother, who reportedly inherited about five million dollars when Col. Astor died, has been married four times.

Tito Meets Soviet's Marshal Zhukov

KAMNISKA BISTRICA, Yugoslavia, Oct. 13 (AP) — President Tito met today with Marshal Georgi Zhukov for the first time since the Soviet defense minister arrived five days ago for an official visit.

Dressed in dark green hunting suits and equipped with guns, they took off in a jeep to hunt mountain goats.

They returned after five hours with a bag of five goats.

Since Yugoslav Defense Minister Gen. Ivan Gospnjak was received by top Soviet leaders only toward the end of his stay in Russia last summer, Zhukov is getting identical treatment. After winding up his eight-day stay in Yugoslavia, Zhukov will visit Albania.

Watch Third Stage Of Russian Rocket

NEW YORK, Oct. 13 (AP) — About 30 moonwatchers stationed on the roof of a Radio City skyscraper today watched the third stage of the rocket which hurled the Russian earth satellite into the sky.

The satellite itself was not visible; they said.

"We were amazed at the rocket's relatively slow speed," said Harry Bondy, a machine designer. Bondy is chairman of the Moonwatch Patrol of the observing group of the Amateur Astronomers Assn. of New York City.

Bondy said the rocket was visible to the naked eye and had a "distinctive yellowish white" coloring.

CASH in 1 Trip!

Use this convenient one-trip service to get the cash you want *promptly* from BENEFICIAL:

1 Phone first and ask for the manager. Tell him how much cash you want and give him a few simple facts about yourself.

2 Then come in, by appointment, for the cash you want in just a *single visit* to the office.

You'll like BENEFICIAL's friendly service . . . and you'll find out why BENEFICIAL is known as "The company that likes to say 'Yes' when you ask for a loan." Why not phone us *today*?

Finance Heads Hear Talk On Money Sources

The Maryland Public Finance Officers Association held its fall meeting Friday night in the Fort Cumberland Hotel here.

Arthur B. Gibson, city auditor and president of the association composed of municipal and county finance officers throughout the state, presided.

Dr. Albert Alfred, assistant professor of government and politics at the University of Maryland, delivered an address on new sources of revenue.

Dr. Alfred served as consultant to the Sherbow Committee which recently completed a study of potential sources of revenue for Baltimore, and as consultant this summer to the Legislative Council on the distribution of state revenues.

Other officers are Charles H. Hartman, Harford County, vice president; John A. Donaho, Baltimore, secretary; Arthur C. Jenson, Baltimore County, treasurer, and Howard C. Beck Jr., Baltimore, Charles L. Benton, Baltimore, and W. F. Carroll, Talbot County, executive committee.

Among the guests were Finance Commissioner John J. Long.

The association plans to hold

its winter meeting in Annapolis and its spring session in Ocean City.

The rocket, running about five minutes ahead of the satellite, re-entered early risers this morning with its most brilliant display to date. In Cambridge, it appeared much brighter than Sputnik.

In New York, amateurs saw it as a moving bright star of yellowish-white coloring, and said they did not see Sputnik at all. Other sightings were reported in Washington and Virginia communities south of the capital.

There was no letup, meanwhile in congressional demands for redoubled efforts to overtake any advances the Russians have made in the fields of satellites and missiles.

In the same hospital were George D. Faulkner of Tilghman, Md., owner of the station wagon, who suffered scalp lacerations, and Stanley Howeth, 40, also of Tilghman, who received chest injuries.

Barbara Merritt, 18, of Preston, Md., was treated for leg lacerations and released.

CHARLES TOWN, W. Va., Oct. 13 (AP) — Jefferson County recorded its fifth 1957 traffic fatality late yesterday when Mrs. Elsie Hummer Trail, a grade school teacher here, was struck by a car.

The mishap occurred at the intersection of W. Va. 9 and Jefferson Avenue in Charles Town.

SAFETY

DEATHS AND FUNERAL NOTICES

ALBERT D. RAUPACH

Albert Donald Raupach, 34, formerly of 105 Bedford Street, died Saturday at the Rosewood State Training School, Baltimore.

A native of this city, he was born May 17, 1923, a son of Mrs. Leah (Leydig) Raupach Branion, 105 Bedford Street, and the late Delph McCrobie.

Besides his mother he is survived by a brother, John W. Raupach, city, and four sisters, Mrs. Leah (Leydig) Raupach Branion, 105 Bedford Street, and the late Delph McCrobie.

The body is at the Stein Funeral Home where the family will receive friends from 2 to 4 p.m. and from 7 to 9 p.m.

Services will be conducted tomorrow at 2 p.m. at the funeral home with Rev. B. F. Hartman, pastor of the Cumberland Methodist Circuit, officiating. Burial will be in Mt. Lebanon Cemetery, Glencoe, Pa.

ADAM M. LEASE

POINTS, W. Va. — Adam M. Lease, 77, died here yesterday evening at the home of his son, George W. Lease. He had been ill for several weeks.

A native of Mineral County, he was the husband of the late Gertrude S. (Wagoner) Lease.

He is survived by three other sons, Arthur, Patterson Creek; Oscar, New Creek, and Harold Lease, Okonoko; four daughters, Mrs. Melvin Stallings, Canton, Ohio; Mrs. Louis Nasser, Westport, Md.; Mrs. Richard Feldman, Waterford, S. D., and Mrs. Ray Snyder, Cumberland; a sister, Mrs. Estella Spencer, Keyser; a brother, Amos Lease, Cumberland; 28 grandchildren and three great-grandchildren.

The body is at the McKee Funeral Home, Augusta.

MRS. ADALINE SIMMONS

OAKLAND — Mrs. Adaline L. Simons, 47, widow of Guy Simons, died Friday at the home of her daughter, Mrs. Charles Mills, Perry, Ohio.

A native of Oakland, she was a daughter of Mrs. Nevada Wright, Baltimore, and the late Delph McCrobie.

Also surviving besides her mother and daughter, are another daughter, Mrs. Virgil Dunn, Corpus Christi, Texas; a son, Mrs. Pauline Sheehe and Mrs. Guy Simons, San Francisco, Elizabeth Petenbrink, all of this Calif.; a sister, Mrs. Alice Birch, Baltimore; three brothers, Joseph E. McCrobie, Islip, N. J.; James McCrobie, Gormanian, Pennsylvania, and 10 grandchildren.

Services will be conducted tomorrow at 2 p.m. at the funeral home with Rev. William Renn. Burial will be in Oakland Cemetery, Glencoe, Pa.

JAMES W. HOYMAN

James W. Hoyman, 42, of 639 North Mechanic Street, died yesterday at Memorial Hospital shortly after being admitted.

A native of Somerset County, Pa., he was a son of the late Lewis and Edna (Fisher) Hoyman and was employed as a shop foreman for Frostburg Brothers and Sons in Frostburg. He was a member of the Frostburg Eagles Lodge.

He is survived by his widow, Ivy L. (MacKay) Hoyman; his step-mother, Mrs. Rebecca Hoyman, Frostburg; three children, Carole V., James L. and Wilbur L. Hoyman, all at home, and three sisters, Mrs. Alvin Wills, Somerset, Pa.; Mrs. Clarence Cason, Frostburg, and Mrs. Paul Schiller, Baltimore.

The body is at the George Funeral Home.

GEORGE M. HUMMEL

GRANTSVILLE — George M. Hummel, 70, died Saturday morning at Miners Hospital, Frostburg, where he was admitted Friday.

Born October 4, 1877, he was a son of the late Samuel D. and Mary (Tate) Hummel. He was a member of the Trinity Road Church, New Germany.

He is survived by his widow, Mrs. Emma (Warnick) Hummel; two sons, Harry W., at home, and Garland A., of Frostburg; five brothers, Charles E. Hummel, Redwood, Calif.; James B. Hummel, Meyersdale; Samuel M. Hummel, McKeesport, Pa.; J. Frederick Hummel, Miami, and W. Franklin Hummel, Pittsburgh; three sisters, Miss Irene Hummel and Mrs. James B. Merrill, both of Cumberland; Mrs. Samuel J. Richards, Charleston, W. Va., and 7 grandchildren.

A funeral service will be conducted Tuesday at 2:30 p.m. (DST) with the Rev. Pat Crotty officiating. Interment will be in the church cemetery.

Graveside military rites will be accorded by the Grantsville American Legion Post 214.

The body is at the Newman Funeral Home here.

MRS. CHARLOTTE KRAUSE

FROSTBURG — Mrs. Charlotte Lottie Krause, 78, died yesterday in Miners Hospital where she had been a patient for two weeks.

She resided at 16 Green Street and was the widow of the late Henry Krause.

Born in Frostburg, she was the daughter of the late Thomas and Sarah Jane (Kontz) Kirby and was a retired post office worker.

She is survived by a daughter, Mrs. Eleanor Fram, Frostburg; a son, Frank Krause, Cresaptown; nine grandchildren and five great-grandchildren.

She was a member of Zion United Church of Christ.

The body will be at the Durst Funeral Home after 4 p.m. to-day.

MRS. MAYO RITES

Services for Mrs. Catherine B. Mayo, 71, who died Friday at her home, RFD 3, Bedford Road, will be conducted today at 1:30 p.m. at Centenary Methodist Church by Rev. Louis L. Emerick, pastor. Burial will be in Zion Memorial Park.

Pallbearers will be Harry Smith, George Linnenroger, Jesse Elkins, Cortes Zembower, Howard Hardinger and Allen Bennett.

MAURICE L. SISK

DEER PARK — Maurice L. Sisk, 82, a retired B&O Railroad worker, died Friday night in Garrett County Memorial Hospital where he had been a patient nine years.

She was a daughter of the late Christian P. and Margaret (James) Hetzel, and was a member of St. Paul's Lutheran Church.

She is survived by a sister, Mrs. Sarah H. Twigg, city; a grandson, Carl F. Slemmer, and several nieces and nephews.

The body is at the Kight Funeral Home.

Services will be conducted at the funeral home Tuesday at 2 p.m. by Rev. John F. Sammel, pastor of St. Paul's Lutheran Church. Interment will be in in Frostburg Cemetery.

Pallbearers will be Clarence and Carl Schaefer and Frederick and Henry Hetzel.

JAMES B. LEWIS

FROSTBURG — James B. Lewis, 67, of 116 Ormond Street was pronounced dead on arrival at Miners Hospital here Friday after suffering a heart attack at his home. He had been in ill health for several years.

He was a member of the Welsh Memorial Baptist Church, the Brotherhood of the church and would have reached the 50-year mark this week as a member of the Junior Order.

He is survived by his widow, Mrs. Emma (Warnick) Hummel; two sons, Harry W., at home, and Garland A., of Frostburg; five brothers, Charles E. Hummel, Redwood, Calif.; James B. Hummel, Meyersdale; Samuel M. Hummel, McKeesport, Pa.; J. Frederick Hummel, Miami, and W. Franklin Hummel, Pittsburgh; three sisters, Miss Irene Hummel and Mrs. James B. Merrill, both of Cumberland; Mrs. Samuel J. Richards, Charleston, W. Va., and 7 grandchildren.

Services will be conducted tomorrow at 2:30 p.m. at Keyser Presbyterian Church by Rev. Dr. John D. MacLeod, pastor. Burial will be in Indian Point Cemetery.

The body is at the Markwood Funeral Home and will be taken to the church tomorrow at 1:30 p.m.

MRS. DIANA DEFFIBAUGH

FROSTBURG — Mrs. Diana (Brode) Deffibaugh, 76, died Friday in Akron where she resided.

She was the wife of the late Frank Deffibaugh and was born in Shaff, a daughter of the late Henry and Elizabeth (Wagoner) Brode.

She was the last surviving member of her immediate family and is survived by a number of nieces and nephews.

Burial will take place today in Akron.

14 Members Frostburg Congregation Made Ill By Fumes From Gas Stoves

Mass Feeding Class Planned

WESTERNPORT — The Red Cross Mass Feeding Group will render unconscious and nearly a dozen made ill Sunday morning at services of the Church of the Brethren, corner of Beall and St. Peter's Hall, Miss Bella Tonry, branch chairman, an unconscious.

A recent session was cancelled because Mrs. Gladys Eaton, instructor, attended the Maryland State Teachers meeting in Baltimore.

Sixteen persons are enrolled in the Red Cross nurses training course which is being held each Thursday evening on the second floor of the Union Hall here.

Another class will be started when the first course is completed.

A class for colored persons will also be held later in the season if ten or more register. To enroll, call Miss Tonry at 22441.

During the service several people became ill and left the auditorium.

According to one of the members, Mrs. Leah L. Yates, as she

wife home and later returning,

she observed one man taking his

breath and another man taking his

breath.

Miss Annie Murray, Youngstown, is visiting her niece, Miss Mary Murray, Railroad Street.

Mr. and Mrs. Leo Zurback, Akron, are visiting Elmer Mc-

Kenzie.

Mr. and Mrs. Clarence Thom-

as, Akron, returned after visiting

Mr. and Mrs. Howard Huff.

Mr. and Mrs. Raymond Fan-

non and Mr. and Mrs. John Gal-

agher returned home after visiting

in Hatboro, Pa. and New

York City.

Mr. and Mrs. James Burkett

and daughter are visiting his par-

ents, Mr. and Mrs. Clarence Burkett.

Lt. Burkett has received his

discharge after serving with the

Air Force at Dayton, Ohio.

Mrs. Duane Shaffer is improv-

ing at her home having hurt her

arm in the wringer of a washer.

Mrs. Richard Porter returned

from Memorial Hospital.

Mrs. Charles Wilson is a sur-

gical patient in Memorial Hos-

pital.

Mr. and Mrs. Charles Simpkins

and Mrs. Catherine Simpkins at-

tended the funeral of Mrs. Cath-

erine Simpkin's sister in Ashtabula, Ohio and visited Mr. and

Mrs. George Simpkins in Stow, Ohio.

Mr. and Mrs. Jack Bennett, of

New Jersey, visited his mother,

Mrs. Clara Bennett.

Mr. and Mrs. Robert Kelly Jr.,

Washington, visited her grandpar-

ents, Mr. and Mrs. John E. De-

Vore.

Mrs. Clara Bennett and Mrs.

Lucy Lowery are reported im-

proved at their homes.

Mr. and Mrs. Clarence Burkett

and Mr. and Mrs. James Burkett

and daughter are visiting

Mr. and Mrs. Franklin Burkett

and sons, Hyattsville and David Burkett, Washington.

Mrs. Powell was discharged

from the hospital early in the

afternoon. Mrs. Coleman was

held for further observation but

was expected to return home lat-

er in the day.

The church recently excavated

the basement of the church to be

used for Sunday School rooms.

The old furnace was taken out

and a new one was to be installed

by October first but has been

delayed.

The Morro Castle burned off

Asbury Park, N. J., on Sept.

8, 1934, with a loss of 125 lives.

Alaska became an organized

territory on Aug. 24, 1912.

Minister Stops Service; Firemen Render First Aid

Mineral County GOP Club To Mark Ike's Birthday

Mt. Savage News Briefs

Dr. and Mrs. Fausto M. Freziosa, Boston, returned after visiting Mrs. Freziosa's parents, Mr. and Mrs. Frank Mullane.

Mr. and Mrs. Richard Mullane, Sr. and Mr. and Mrs. Richard Mullane Jr. of Rankin have returned home after visiting relatives here.

Mr. and Mrs. William Emery, Wilmette, Ill., returned after visiting her father, Edward Henckel.

Miss Annie Murray, Youngstown, is visiting her niece, Miss Mary Murray, Railroad Street.

Mr. and Mrs. Leo Zurback, Akron, are visiting Elmer Mc-

Kenzie.

Mr. and Mrs. Clarence Thom-

as, Akron, returned after visiting

Mr. and Mrs. Howard Huff.

Mr. and Mrs. Raymond Fan-

non and Mr. and Mrs. John Gal-

agher returned home after visiting

in Hatboro, Pa. and New

York City.

Krill To Visit Frostburg Elks

FROSTBURG — The Frostburg Lodge of BPO Elks No. 470 will

induct two new members into the

lodge Tuesday evening.

New members are Dr. Daniel W. Shupe

and Eldred Van Fossen. The

meeting will begin at 8 p. m.

and will include the official visitation

of the district deputy grand ex-

alted ruler, George D. Krill.

Arriving at 3 p. m. Mr. Krill

will be met by the reception com-

mittee of officers of Lodge 470

headed by Exalted Ruler Leslie W. Fair.

After a tour of the loc-

al lodge, Mrs. Krill will be guest

of honor at a dinner at 6:30 p. m.

Following the meeting at 8 p. m.

a social hour will follow.

W. L. Wilson Heads

Student Council

FROSTBURG — William L. Wil-

son, son of Mr. and Mrs. David

J. Wilson, 166 Centre Street,

Frostburg, has been elected pres-

ident of the Student Council at

Indiana Technical College. The

council is the student governing

body of the college chosen by

council members who are elect-

ed by the student body from can-

didates who meet academic and

moral standards.

Besides working with the Dean

of Students in helping to estab-

lish student governing policies,

the council handles such annual

affairs as the Christmas party,

the school picnic and various pha-

ses of open house.

Officers are elected for a per-

iod of two terms and are eligible

for re-election. A graduate of

Beall High School, Mr. Wilson is

enrolled in the Departments of

Civil and Mechanical Engineer-

ing.

Mr. Wilson and his family are

living in Fort Wayne while he is

attending college.

Given Surprise

Birthday Party

HYNDMAN — A birthday sur-

prise party was held for Ray-

mond Morgart by his wife, at

their home the evening of Oc-

tober 9.

Those attending were Mrs.

Irene Morgart, Everett, Pa.,

Mr. Addie Bingham, Manns

Choice, Pa.; Mr. and Mrs. Clair

Morgart and family of Rains-

burg, Pa.; Mr. and Mrs. Jack

Dentinger and family, Cumber-

land, Md.; Mrs. Annie Mason,

Ellerslie, Md.; Mr. and Mrs.

Leroy Logsdon, Mrs. David Cook

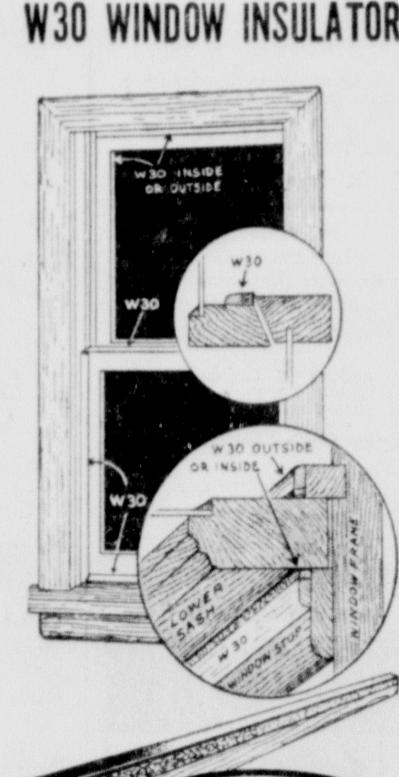

and daughters, Johnny and Lin-

da Miller and Mr. and Mrs. Ray-

mond Morgart all of Hyndman.

Russian Moon Provides Prestige

Russia and the United States were expected to have earth satellites in the sky in 1958. The United States still expects to. Russia's started circling the earth between 500 and 600 miles up, at a speed of 18,000 miles and hour, on October 4.

The Russians obviously considered it a matter of prestige to get their satellite aloft first. But Soviet scientists had declined to give their fellow scientists any information as to when their satellite might be launched.

It wasn't supposed to be so. The International Geophysical Year, of which the satellite projects are a part, was set up as a full and complete exchange of, and collaboration in, scientific information about the earth.

To this end Russia had agreed (or so the West understood a Soviet statement) that her satellites would broadcast a beep on the same wavelength as American satellites were to use. This was changed, making it more difficult for observers around the world to track Russia's artificial moon.

One writer, discussing the U. S. satellite program just before the successful launch, expressed doubt that this nation could make good on its optimistic advance predictions in this field before the Geophysical Year comes to an end in December, 1958. He added that, unlike the United States, Russia hadn't even brought her satellites to the blueprint stage.

Washington was so obviously surprised by the latest Russian "first," the question will be asked still more frequently what U. S. intelligence is doing with the huge sums of money Congress appropriates for that purpose each year.

These Days

By George E. Sokolsky

About Arkansas

It is impossible to understand an event without some recognition of the environment in which the event occurs. Recently I wrote on the nature of the Arkansas population. The United States is composed of so many varieties of peoples, so many different combinations of folks, that any generalization about the American people proves to be incorrect in some locality. Therefore I was especially grateful when an editor of the "Arkansas Democrat" of Little Rock wrote to me about his state, which is now internationally so newsworthy. He wrote:

"The institution of slavery came to Arkansas long before statehood. John Law's German and French Catholic colonists under a Jewish manager brought the first Negro slaves to Arkansas Post in 1719 when Henri de Tonti in 1686 had established the first permanent European settlement in the Lower Mississippi valley.

"The mountain counties of Arkansas were settled by pioneers from the Southern Appalachians, who sprang from British highland stock. Families from the tidewater belt of Virginia, the Carolinas, Georgia and Alabama, and from Kentucky and Mississippi settled the cotton lands of Southern and Eastern Arkansas. Some of our lowland families trace their ancestry to French and Spanish colonists...

"Public school facilities are available to all children in the Ozarks and every other geographical division. Some of the Ozark towns have public libraries, and the State Library Commission operates several regional libraries in the mountain area. The University of Arkansas, College of the Ozarks, Arkansas College, John Brown University and Ft. Smith Junior College are all located in the Ozarks. Up until recently there were two state vocational schools in Northern Arkansas. Arkansas Polytechnic College and Arkansas State Teachers College, which are south of the Ozarks, always draw a large number of students from the hills. Ozark folks established the first colleges in the state, beginning in 1852.

"Our northwest counties are among the most progressive counties of the state. They balanced their agriculture long before the rest of Arkansas got interested in diversification.

"Although the hill counties furnished several thousand troops in the Union Army, the majority of the able-bodied men fought for the South. Few of them owned slaves, but they were not indifferent to states' rights. The most decisive battle west of the Mississippi was fought at Pea Ridge in Benton County, and now the federal government is making a national battlefield park there."

I found this account interesting because it is from the hill-folk that Governor Orval Faubus springs. He started as a school teacher, then moved into all sorts of public offices, circuit clerk, county recorder, postmaster, highway commissioner, administrative assistant to the governor and director of highways. He edited and owned a newspaper, the "Madison County Record." It has been strictly a political career, moving step by step upward in his state.

In this sense, it has been anything startlingly dramatic but it has been one in which power is steadily being built. His early supporters were the so-called liberals. He has apparently split with them altogether but an experienced politician would not have risked such a split with his early backers unless he knew 'hat he had the support of other substantial elements in the population. I have not been to Arkansas during the present conflict but I have used the telephone, and I think it would be a safe bet that if Faubus ran for governor tomorrow, he would be re-elected. This does not mean that he is any better or any worse than people choose to think; it does mean that he is obviously an astute politician who has managed to sense public opinion in his state and to congeal it in his favor.

That curiously is the genius of the American form of government which is stronger in its states than in the federal government. The principle of local autonomy motivates all political thinking and as much as some would like to get away from states' rights and state consciousness, in every conflict of attitude between the federal administration and the states, the belief in states' rights is intensified. It is for this reason that the thinking of some New Dealers that the state should be abolished, as an antiquated institution, has not prevailed. Reactions to recent Supreme Court decisions have strengthened the belief in many parts of the country that states' rights must be preserved.

Bending It Out Of Shape

Evidence Mounts That Sputnik Has Eyes To See

WASHINGTON

There is a mounting body of evidence, taken most seriously in the Washington intelligence community, that the Soviet satellite is not blind, that Sputnik has eyes to see. If this is so, it means that Sputnik, which is certainly a major propaganda and scientific triumph for the Soviets, is a great military triumph as well.

Last Wednesday, in Belgrade, Yugoslavia, a Soviet scientist, Dr. Aleksandar Sherban, let what looks like a very big and ugly cat out of his bag. Dr. Sherban, who is vice president of the Ukrainian Academy of Scientists, said proudly that Sputnik carried certain "elements" which made it possible in effect to record the terrain of the earth below.

If what Dr. Sherban said is true — and there are strong reasons to believe that it is true — President Eisenhower's hopeful statement that Sputnik has no military significance "in itself" is nonsense. On the contrary, if Sputnik has eyes to see, Sputnik represents a major triumph of Soviet intelligence, with immense military significance.

To understand the real implications of Dr. Sherban's boast, you have to understand one of the strangest and in some ways the most difficult of the problems facing the missile-makers. An intercontinental missile, to do its grisly job, must be fired several thousand miles, and land within five miles of a specified target. This is a tough enough job in any case. But what makes it very much tougher is the curious fact that all existing maps are unreliable.

The reason is simple. Map makers use an instrument called a transit to determine latitude and longitude by celestial observa-

tion. The transit contains the equivalent of a carpenter's plumb bob, used to determine the vertical. In theory, the plumb bob points to the center of the earth. In fact, it is slightly diverted by local geographical formations, like high mountains. Moreover, it is slightly inaccurate anyway, since the earth, being flattened at both ends, is not a true sphere.

That is why all existing maps are inaccurate. And that in turn is why Dr. Sherban's boast was so immensely significant. For one might have supposed that the Soviets, wishing to zero in, for example, on a strategic Air Force base in Maine, would simply locate the base on a good map, and aim their intercontinental

missile accordingly. In fact, given the enormous distances involved, the inaccuracy of existing maps would mean an error of several crucial miles.

As first reported in the New York Herald Tribune, high intelligence officials suspected, even before Dr. Sherban's boast, that "The satellite is mapping the United States with intra-red devices to locate targets in America." It is possible to use infrared devices to locate cities, rivers, coastlines, and the like, by measuring the intensity of light. Telemetering instruments can then be used to communicate this information by code.

When it became known that Sputnik contained telemetering

devices which were sending coded information to the Soviet scientists — a fact confirmed by the Soviets themselves — the suspicion that Sputnik was not blind was born. It was reinforced by the guarded hints in "Pravda" that "the satellite has light-sensitive elements." The weight of Sputnik, which amazed American scientists, was another element in the equation — it is logical to assume that Sputnik is so heavy because it contains numerous "miniaturized" instruments. And Dr. Sherban's statement seemed to confirm the worst fears of the intelligence community.

If these fears are justified, it means that Sputnik can be used to give the Soviets, for the first time, an accurate "fix" on targets in this country. Successors to Sputnik, which the Soviets have announced in advance, can be used to double-check the accuracy of the Sputnik fixes by cross-triangulation.

In short, the belief is growing in the intelligence community that we have done it again — that we have once more underestimated the Russians. If Sputnik has eyes, Sputnik is very much more than a "neat scientific trick" to use Charles Wilson's blandly complacent phrase. Sputnik is, instead, a vital element of the Soviet intercontinental ballistic weapons system, which the Soviets are clearly building with frantic urgency. For if Sputnik has eyes, Sputnik provides the means to zero in the Soviet instruments of total destruction on every important American target. In the circumstances, a little less frantic urgency, might seem to be called for in this country.

By Stewart Alsop

By Arthur "Bugs" Baer

There's many a rejection slip between the synopsis and the scenario. That's why the Wisconsin vote is no more ultimate guarantee than a bird dog pointing an egg.

But straws show which way the broom went. Remember when Ikey got a bigger write-in out in Minnesota than a heiress advertising for a good-looking chauffeur?

That was eight months before the 1952 election. We concede the straw in the wind is not hay in the barn. This time we have to wait three years for the wheel to come full brake.

It's just this simple for anyone who claims that all the scientists of the United States government know must be handed over to the scientists working for the evil clique in the Kremlin. If an American scientist will not serve his government when it insists that he tell the truth to intelligence officers, instead of suppressing information that would help to detect espionage, then there is something wrong with his patriotism and with those who measure their fidelity to their own country by any such standard.

Judging by some of the hysterical outcries of various people, including some of the politicians, America should bow her head in shame, pull down the flag and offer to surrender at once to the tyrants in the Kremlin.

Or else, it is impulsively urged, the United States should begin spending billions upon billions no matter if it unbalances the budget, forces the purchasing power of the dollar down to ten cents and brings on a financial and economic debacle.

How amazing it is that, by the simple stunt of spinning an iron ball around the world, Americans in vast numbers can be led to lose their heads in an anguished clamor of the "for-God-sakes-do-something" variety.

What the Russian scientists have accomplished doesn't mean that the people of Soviet Russia are any safer today, with erratic and unscrupulous leaders in the Kremlin than they were yesterday. Nor does it mean that hydrogen bombs, which can be dropped on all the important centers of the Soviet Union by jet bombers flying from bases within a few minutes from the Soviet borders, have suddenly become useless.

About all the experiment in outer space has accomplished is to scare too many Americans into thinking that back of this device is another, more deadly, in the form of intercontinental missiles.

Human beings, however, are killed just as quickly with hydrogen bombs dropped from planes as they are from atomic warheads if they are from intercontinental missiles.

The balance of power in the world hasn't shifted because of what the Russians have done. He is likely to ask Congress for more money only when our own trusted scientists think it can be well spent — and they have not urged any major change in recent months and are not likely to do so even in the face of Russia's stunt.

Mr. Eisenhower is keeping his feet on the ground, where they belong — for the need of a balance and an equilibrium in a world so easily swayed by stunts and foreign propaganda is even greater than it has been. If America cannot get her story of freedom across to the enslaved except by spending billions for space ships to the moon, then indeed is freedom in the world in a sorry plight. But the truth is freedom from tyranny is still the main problem that faces the oppressed peoples behind the Iron Curtain, and they are more passionately concerned with the question of when they will get their freedom than what's happening in outer space.

Medications Not Only Treatment For Arthritis

By Dr. Theodore R. Van Dellen

cent of a group of rheumatoid arthritis victims.

There is more to the treatment of rheumatoid arthritis than the use of medications. Deformities should be prevented so that the individual is restored to useful living. This means that the joints must be favored to prevent the surfaces from being damaged thru walking and strain.

The disease is generalized and the arthritic aspects are the outward manifestations. This means that the sufferer must build up his health to keep the disorder under control. Rest and activity must be balanced. Moderate exercise is helpful but not when it aggravates pain or causes fatigue.

Thereafter, corrective and postural exercises are good insurance against stiffness and deformity. Moving the parts increases the range of motion of the joints and the strength and endurance of the muscles. A change of climate is no panacea. The results are not good enough to warrant the disruption of the economic security of the family.

complex will help along this line but I never have seen any proof that it works. Several years ago a product was used experimentally to make a person less susceptible to insect bites but it never panned out. Why doesn't your husband use a good insect repellent? In addition, when he goes walking in infested areas he should wear high boots and other protective clothing. He should not sit or lie on the grass.

A REGULAR GUY

W. L. W. writes: For 10 years I have taken a no-cost laxative; a full glass of cold water immediately on arising every morning, and coffee with breakfast. I remain as regular as clockwork, at age 76.

NEW GERM

O. S. I. reads about the new flu germ that has come from the far east. Did not this germ have to start somewhere or in some individual? If so, where did it originate?

REPLY

New organisms originate in humans or animals as a mutation of an old organism. This is the beginning of a new strain and the difference from the parent variety can be detected only through certain laboratory tests.

The new Asiatic virus is an offshoot of type A.

TOMORROW: Influenza.

Barrelville Wins Fourth Pen-Mar League Playoff Crown

Old Exports Top Hyndman By Score 6-1

Bobby Raines Hurls 5-Hitter; "Ab" See Suffers 1st Loss

Barrelville's Old Exports won the Pen-Mar Baseball League's playoff crown for the second straight year and the fourth time in the 9-year history of the circuit by defeating Hyndman's pennant-winning Merchants yesterday at Barrelville by the score of 6-1.

Manager "Buck" Fiorita's aggregation copped the best-of-three games final playoff series in two straight games, having won the opener on Sunday, Sept. 29 by the score of 5-2. Barrelville finished the regular season in second place, one full game off the pace. In the playoff semi-finals, the Old Exports won two out of three games from Centerville and Hyndman eliminated Zihlman by the same margin. Barrelville had won previous playoff crowns in 1949, 1954 and 1956.

Raines Hurls 5-Hitter

Bobby Raines limited Hyndman to five hits and struck out six in winding up the campaign with a 5-2 record. "Ab" See, who went the route for the Merchants, owned a 6-0 record prior to suffering his first setback of the season. He was shelled for 15 blows and struck out six.

Barrelville sewed up yesterday's game in the 4th inning by scoring twice to break a 1-1 deadlock. After Johnny Horwath singled and was thrown out at second, Clarence "Pooch" Lewis hit safely and scored on Bill Morgan's triple with the run that broke the tie. Leroy Morris' single produced the second tally of the inning. The Old Exports added another marker in the seventh and two in the eighth.

Hyndman's lone run was registered in the third frame on Bryant's hit, two errors and a timely single by Morgan.

Cage Raps Two Doubles

Ronnie Cage, Johnny Horwath and Raines shared nine of the winning team's 15 safeties. Cage's blows included a pair of two-baggers. Ronnie also featured in centerfield, making a nice running catch of Manager Gene Stair's bid for an extra base hit in the ninth inning. Bill Morgan larrupped a triple and single for the Old Exports.

Stair collected two of Hyndman's five hits, one being a two-bagger. Morgan excelled in right field for the Pennsylvanians, throwing out two runners who attempted to stretch hits into doubles.

Score:
Hyndman 001 000 000—1 5 3
Barrelville 100 200 12x—6 15 4
See and Bryant, B. Raines and G. Thomas.

Warriors Release Jack Sullivan

HERSHEY, Pa., Oct. 13 (P)—The Philadelphia Warriors of the National Basketball Assn. today announced the release of rookies Jack Sullivan formerly of Mount St. Mary College and Alonzo Lewis, of LaSalle College.

Sullivan, a top small college national scorer last season with better than a 33 point average and Lewis had been competing for back court positions during the Warriors' training here.

The cut, announced by owner Eddie Gottlieb, left the Warriors with 12 players, including servicemen Tom Gola, who is expected to return to the Philadelphia club during the season.

Maryland, Navy Back In Graces Of Grid Rooters

Beat Wake Forest And California

By The Associated Press

Navy and Maryland are back in the good graces of their football rooters today.

But both gave them many uneasy minutes Saturday before Navy came from behind to win 21-6 over California and Maryland pulled away from Wake Forest 27-6.

It was Maryland's first victory in four games this season while Navy bounced back for its third after being upset by North Carolina.

Hopkins Scores Win

Johns Hopkins also managed to win its first by a squeaky 13-12 over Washington & Lee. Western Maryland continued to drag an anchor by losing 41-28 to Penn Military to still be looking for its initial triumph.

In the first game between the state's two Negro colleges, Morgan and Maryland State, played in 1938 and 1939, Bill's other wins were recorded in 1941, 1946, 1948, 1952, 1954 and 1956.

Baltimore Hands Green Bay Packers 45-17 Walloping

Colts Score 3rd Straight NFL Victory

Jim Mutscheller, And Ameche Share Six Touchdowns

By CHUCK CAPALDO

MILWAUKEE, Oct. 13 (AP) — The Baltimore Colts, who usually can't find the winning combination on the road, exploded for 38 points in the second half today and smashed the Green Bay Packers 45-17 for their third straight National Football League victory.

The Colts had won only three of 15 games away from home over the last three seasons prior to today's appearance before a crowd of 26,322 at County Stadium.

Trailing 10-7 at the half, Weeb Ewbank's club caught fire in the third quarter and pushed over 17 points in six minutes and 10 seconds of play. Then, to add insult to injury, they piled up 21 more points in the fourth quarter.

Alan (The Horse) Ameche bulled over for three touchdowns on plunges of one yard each and Jim Mutscheller caught three scoring passes. Two, of 15 and 29 yards, were from John Unitas. The third, good for 14 yards was thrown by George Shaw.

Bert Rechichar added a 23-yard field goal and five conversions. Steve Myhra chipped in with the sixth extra point.

All told, the Colts turned two interceptions and a fumble into scores as they overhauled the hapless Packers and then turned on the steam.

Bart Starr accounted for both Green Bay touchdowns on passes of five yards to Gary Knaefel and eight yards to Billy Howton. Fred Cone added a field goal from the 25.

Baltimore 7 0 17 21—45

Green Bay 3 7 0 7—17

Baltimore scoring—Touchdowns: Mutscheller 3 (15, pass-run from Unitas, 29, pass-run from Unitas, 14, pass from Shaw); Ameche, 3 (1, plunge; 1, plunge; 1, plunge). Field goal: Rechichar (23). Conversions: Rechichar 5; Myhra 1.

Green Bay scoring—Touchdowns: Knaefel (5, pass from Starr); Howton (8, pass from Starr). Field goal: Cone (25). Conversions: Cone 2.

It marked only the second time in nine years of pro football that the Colts have won three in a row. The other time was in 1955.

Unitas, a Pittsburgh Steeler reject, completed 7 of 17 passes for 130 yards and 2 touchdowns in engineering the rout of the Packers, whose won-lost record now is one and 2. Lenny Moore, with 81 yards on 12 carries, was the Colts' big gainer on the ground. Starr connected on 13 of 22 tosses for 163 yards and 2 TDs in a losing cause.

Game to be telecast

CHICAGO, Oct. 13 (AP)—The Minnesota at Illinois football game has been chosen for NBC's nationwide telecast on Oct. 19, the network and the Big Ten Conference announced today.

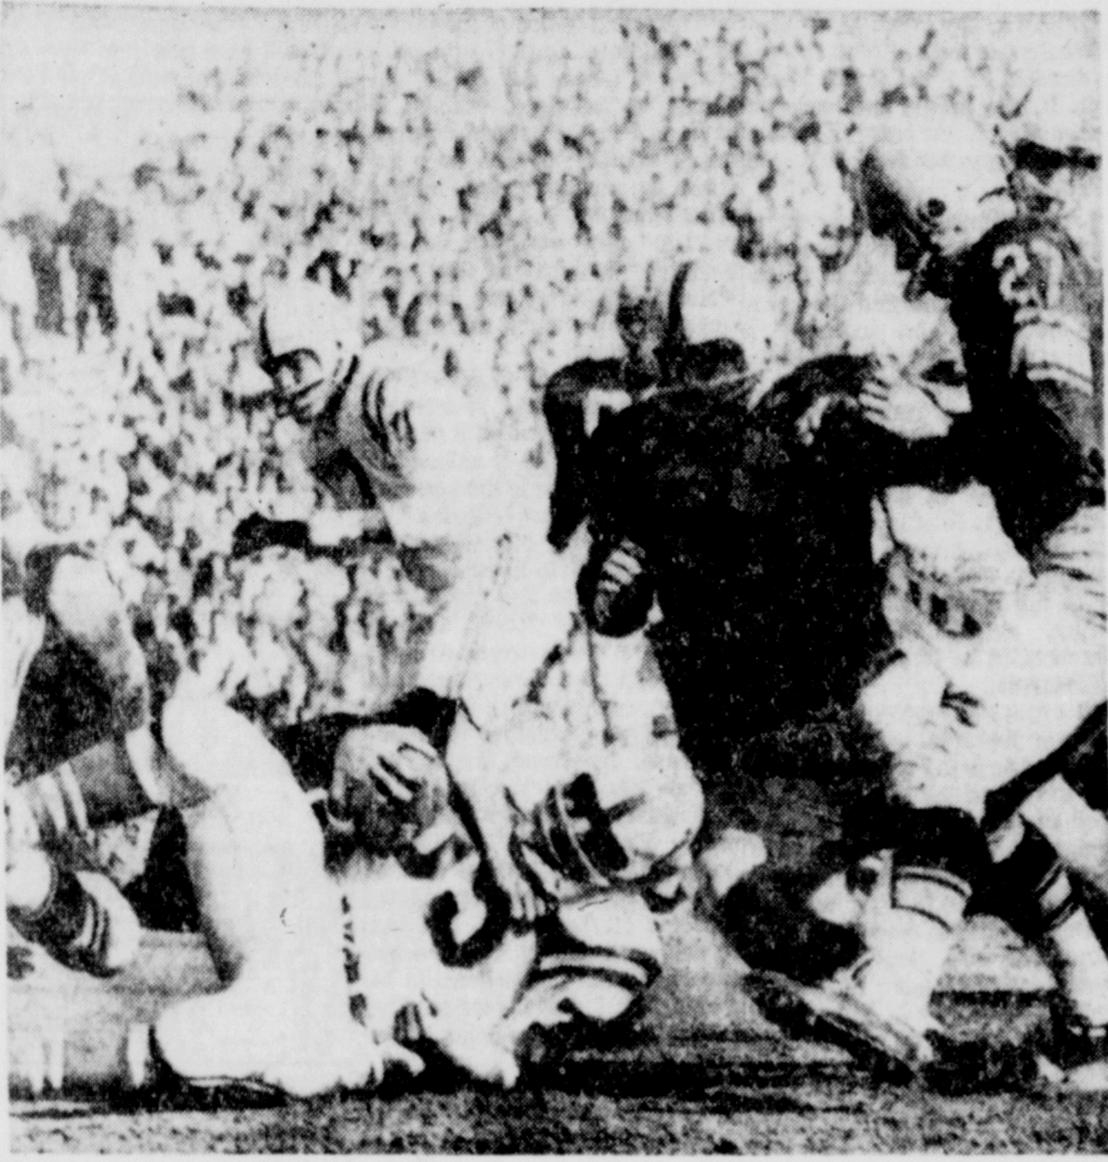

Game time will be 1:30 p.m. (CDT).

To Stage Tourney

The Women's Golf Association

of the Cumberland Country Club

will hold an even hole tournament Tuesday at 10 a.m.

GOOD FOR NINE YARDS — Fullback Alan Ameche of the Baltimore Colts goes down after taking the ball for a nine-yard gain during the second quarter of yesterday's National Football League game with the Green Bay Packers. Ameche was tackled by Henry Gremmer of the Packers and only his right arm is visible across Ameche's chest. Packer tackle Dave Hanner (79) and halfback John Symank (27) piled on a second after the shutter snapped. No. 77 in the background is tackle Jim Parker of the Colts. Baltimore routed the Packers, 45-17.

Irish Victory Over Army Takes Heat Off Brennan

Sooners Cop 43rd
In Row; Michigan Jolted By Spartans

By ED CORRIGAN
By The Associated Press

Whatever happens the rest of the season, Coach Terry Brennan of Notre Dame probably has taken the heat off himself. There was talk that he was on the spot because of the miserable 2-8 record the Irish compiled last year.

They already have bettered that mark, and their 23-21 victory over Army Saturday in Philadelphia left them with a 3-0 record to date. The game marked the renewal of one of the most colorful series in college football after a 10-year hiatus.

Until the Army game, Brennan had his fingers crossed. Despite triumphs over Purdue and Indiana, the Irish were an unknown quantity. Michigan was one of the strongest teams in the East.

Steve Belichick, the Navy back-field coach, who scouted both Notre Dame and Army—the Mid-dies still have to play both—was enthused about the Irish.

"I scouted Notre Dame last year

and there's no comparison between the 1956 team and this one," he said. "The defense is more solid and Nick Pietrosante is great."

Monty Stickles turned from a goat to the hero of the Irish in a space of a couple of minutes. First, he missed a conversion try that would have tied the game at 21-all.

But then, he went for a field goal—under Brennan's orders—and made it. He said it was the first time he ever had attempted a field goal.

Sooners Cop 43rd

Oklahoma, No. 1 in the weekly Associated Press poll, licked Texas, 21-7, for its 43rd victory in a row. Yet, Texas was proud of holding the mighty Sooners so close. The Longhorns led 7-0 in the first period.

But while Oklahoma was doing it the hard way, Michigan State, the second-ranked team in the nation, ground neighborhood rival Michigan into the Ann Arbor, Mich., turf, 35-6. Michigan was not supposed to be a pushover, either, holding the No. 6 national ranking.

Texas A&M, No. 3 and the favorite to win the Southwest Conference title, whipped Houston 28-6. INS columnist Bob Considine, with Roodie Osborne and John and INS sports editor John Bar-

ranked Minnesota heading pionship, vanquished Northwest straight for its Nov. 16 meeting with Michigan State which probably will decide the Big Ten champion.

Duke Cops Close One

Duke, No. 5, had a scare, edging Rice 7-6 for the Owls' first defeat. Oregon State, defending Pacific Coast champion and rated No. 7 had no trouble with Idaho 20-0 and Iowa, No. 9, crushed Indiana, 47-7.

Auburn, No. 9, continued to look like a definite contender in the Southeastern Conference race by nosing Kentucky 6-0. Georgia Tech a perennial power in the loop was upset by Louisiana State, 20-13.

Tennessee, which dethroned Georgia Tech last year, slugged Chattanooga 23-13, while Maryland finally came alive and defeated Wake Forest 28-0, giving Coach Monte Monty his first moment of happiness this season.

In the Ivy League, Princeton has displaced Brown as the favorite to win the title. The Tigers licked improving Penn 13-9 while Brown was blanked by Dartmouth 35-0. Penn State halted William and Mary 21-13 and Pitt shut out Nebraska 34-0.

Navy Is Victor

Navy pulled its forces together and came from behind to beat California, 21-6, in the major intersectional game of the day.

LIFETIME GUARANTEE

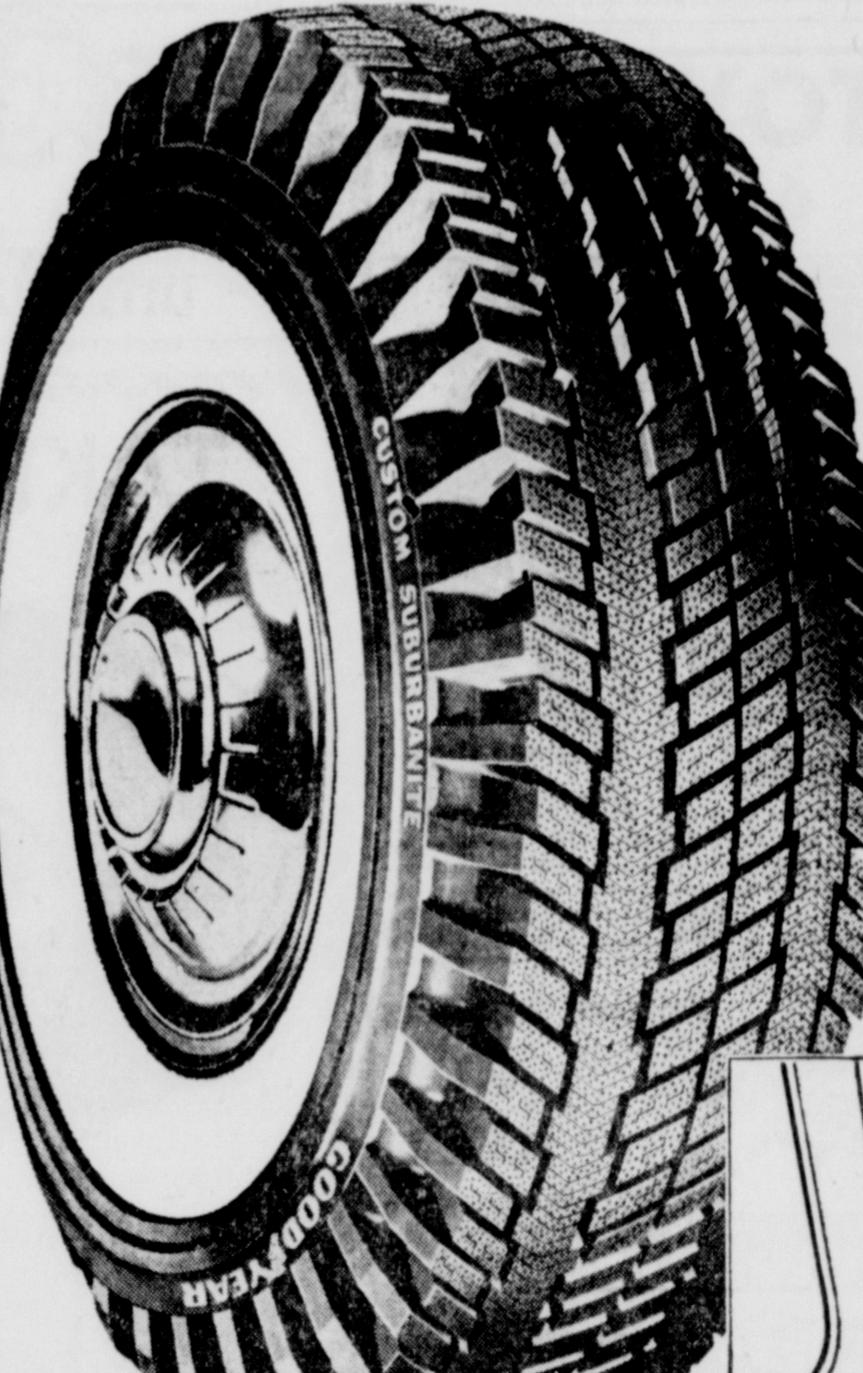

Ask us about it!

new tractionized 3-T Custom

SUBURBANITE by

GOOD YEAR

Greatest grip and go on ice, in mud and snow!

• New tractionized tread adds thousands and thousands of tiny traction teeth to more than 5500 biting edges for a firm, claw-like grip on all roads. That's why we can say, "up to 55% better traction" and mean it!

• And here's real economy—because Custom Suburbanites are made with Goodyear's exclusive, triple-tough triple-tempered 3-T Cord bodies and tread compounds, you can count on an extra season of wear. No wonder we say, "You can't afford to be without 3-T Custom Suburbanites!"

• Remember the road-rumble so common in ordinary snow tires? 3-T Custom-Suburbanites correct that— their unique staggered tread design gives a smoother, quieter ride!

You can trade Slip for Grip for as low as \$1.25 weekly!

Choose 3-T Nylon or 3-T Rayon, Tubeless or Tube-Type, Black or White Sidewalls. Sizes for all cars including imported models.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Oct. 13 (INS)—She writes, "I have a beautiful beige dress that Charles Le Maire just made for me, and, of course, I'm wearing a high neck—I would never think of wearing a low neckline. And the skirt gives me plenty of room to curtsey." (So there won't be any of the famous Mansfield figure showing).

Jayne tells me she saw the Dion showing in Paris and was the guest of the lord mayor at Mansion House in London. "I am coming back to see you and all my friends in Hollywood November 6."

"By Love Possessed" is singly the greatest runaway best seller in the history of American novels. Over 200,000 copies have been sold in the first three weeks of publication, even outselling "Gone With the Wind."

All the cast of "The Vikings," including Kirk Douglas and Ernie Borgnine, are glad this one is completed. It's been shooting under bad weather conditions in Europe for six months.

Everybody smiled out loud when Jayne Mansfield said the one thing she wanted most was to meet the queen of England. Now Jayne's dream is coming true and she'll be presented to her majesty at the royal command performance November 4.

Jayne's letter was like a little girl at Christmas, she was so excited about seeing a real queen, and no one need fear that Jayne's dress is going to shock the world.

A rich and vibrant perfume gives necessary accent to fall fashions.

Secrets Of Charm

by John Robert Powers

Added Attraction

The right fragrance is an important part of your personality, and it lingers much longer in the memory than anything else you wear. You should start thinking of a perfume as being an addition of an extra dimension to both your costume and your personality.

To know which fragrance will best suit or complement your new fall wardrobe, you must realize the impact of the color in fashions. Facing up to strong turn to color in fashions, nothing less than a vibrant fragrance should be added.

Equally important as the fragrance is its application. A few

said, "How many girls have five men to love her?"

MGM actress-singer Joan O'Brien, is marrying CBS-TV director Jack Meyer on October 20. She is currently co-starring with Dean Jones in "Mock Trial." Joan was once on Bob Crosby's TV show.

The Crocetti coat of arms, dating back 1600 years, was presented to Dean Crocetti-Martin to you by Franklin D'Amore owner of the Casa D'Amore at Anna Maria Alberghetti's party. Franklin is the brother of the popular Patsy of the Villa Capri.

Mack Millar and his beautiful Rita celebrated their 30th wedding anniversary Friday. Mack says he gave her a purple heart on their 25th anniversary, and this year added a cluster.

Sarah Churchill, back in town, had dinner the first night with Helmut Dantine at the Moongate Cafe.

That's all today. See you tomorrow.

(Distributed by INS)

The territory of Hawaii consists of 20 islands. It is more than two thousand miles from its nearest mainland point, San Francisco.

hasty dabs won't do anything for you. If you want a perfume to cast just the right spell, you must be fragranced literally from head to toe. This is possible with all the new pressurized bottles and containers on the market which allow you to spray on perfume in clouds and over a wide area of skin. Once the cologne or perfume is on your skin, the warmth of the body releases the true essence of the scent.

The Fragrant Aura

A wonderful trick to use, after you're all dressed to the hilt in your best furs, is to spray the fragrance into the air in front of you and then walk right into it—this gives you that special aura. Speaking of furs, be careful not to let perfume get down into the pelts. Just spray the perfume or cologne over the surface of furs.

Another trick of fragrance is to spray your colset and dresser drawers. In that way, everything you put on will have a faint, elusive scent that will become part of your personality. And just try to imagine what that'll do for your morale! Enough said!

Goren On Bridge

ANSWERS TO BRIDGE QUIZ

Q. 1—Opponents vulnerable. As South hold:

♥ A 74 ♦ K 10 5 4 3 2 ♣ A 10 5

The bidding has proceeded:

South West North East
1 diamond Double Pass 1 spade

What do you bid now?

A.—Two clubs. While the normal procedure is to rebid a six carder, excepting the present instance, it is recommended that the bidding reaches a higher number of spades when it gets back to you, you may rightly fear to show the clubs. By showing both suits now, you will place partner in a strong position to take appropriate action should a competitive bidding sequence develop.

Q. 2—As South you hold:

♦ A 10 ♦ Q 6 3 ♦ K 10 8 6 ♦ AK 4 3

The bidding has proceeded:

South West North East
1 diamond Double Pass 1 spade

What do you bid now?

A.—Two clubs. While the normal procedure is to rebid a six carder, excepting the present instance, it is recommended that the bidding reaches a higher number of spades when it gets back to you, you may rightly fear to show the clubs. By showing both suits now, you will place partner in a strong position to take appropriate action should a competitive bidding sequence develop.

Q. 3—As South you hold:

♦ A 8 6 3 ♦ J 10 4 ♦ 6 3 ♦ AK 9 5 2

The bidding has proceeded:

South West North East
1 diamond Double Pass 1 spade

What do you bid now?

A.—Three no trump. Partner's double and subsequent rebid of 2 no trump after you have promised nothing, shows in the neighborhood of a 2 no trump opening. Even if he has only 10 points, your six will provide sufficient for game.

Q. 3—Both sides vulnerable. As South you hold:

♥ A 10 1 3 2 ♦ A Q 10 6 ♦ AK 10 8

Your right hand opponent opens the bidding with one heart. What do you bid?

A.—Pass. There is no action that can take that is not fraught with great danger. A take-out double will surely prove a spade rebid from partner, and there is no way you can show conveniently. Your best hope for a profit is to hope that the opponents bid them into trouble.

Q. 4—As South you hold:

♦ Q 8 7 4 ♦ A Q J 10 6 5 ♦ 10 3

The bidding has proceeded:

South West North East
1 club 3 diamonds Pass 3 no trump

What do you bid now?

A.—Two hearts. While you have the values for a redouble, such action is not recommended, as to the void in partner's hand. However, the majority of one heart might be treated by partner as an effort to show some mediocre hand containing a reasonable heart suit. A jump bid is therefore recommended which in our system is considered to be on rebid. Subsequent action will depend on partner's bid.

Q. 5—As South you hold:

♦ A 10 9 3 ♦ K Q J 7 ♦ A Q 10 4 3

The bidding has proceeded:

South West North East
1 heart Pass 2 clubs Pass

What do you bid now?

A.—Three diamonds. This is admitted.

is an underbid but it would not be good tactics for you to take any action that would carry the bidding past the three no trump level. Since you made a strong showing response initially, partner will surely play you for a sound hand.

Q. 6—As South you hold:

♦ A 10 ♦ Q 6 3 ♦ K 10 8 6 ♦ AK 4 3

The bidding has proceeded:

South West North East
1 diamond Double Pass 1 spade

What do you bid now?

A.—Four spades. This may seem like a strange preference with but one spade however partner's jump rebid in spades before even showing the hearts indicates that he has at least six and very probably seven spades. He will thus be able to stand repeated diamond forces much better in his longest suit.

Q. 7—As South you hold:

♦ A K ♦ A Q J 9 8 ♦ Q 9 4 3 ♦ A 2

The bidding has proceeded:

South West North East
1 heart Pass 2 clubs Pass

What do you bid now?

A.—Five hearts. Prospects for slam are excellent if partner has any sort of diamond. If partner has no spade beyond game when all other suits have been mentioned, clearly ask him if he can take care of the diamond situation. It will also serve to assure him that a singleton heart would constitute adequate trump support.

Q. 8—Both sides vulnerable. As South you hold:

♦ A 8 6 3 ♦ K Q ♦ A 7 2 ♦ A K Q 6 5

The bidding has proceeded:

South West North East
1 club 3 diamonds Pass 3 spades

What do you bid now?

A.—Pass. Do nothing that might stir up the animals. You have the beater of a contract that is virtually beaten. If that might be a laydown, East's vulnerable three no trump bid makes it pretty certain that your partner has a totally worthless holding for you.

Former Area Woman Killed In Auto Crash

Virginia Man Also Dies In Accident

A 29-year-old woman who formerly resided at Gorman was one of two persons killed instantly Saturday afternoon when the car in which they were riding crashed head-on into a bridge abutment four miles east of Winchester, Va., on U. S. Route 50.

Killed were Miss Eva Martin, who had been employed as a waitress in a restaurant in Fairfax, Va., and Duard Tarkenton, 31, of Arlington, Va.

The driver of the vehicle, Thornton D. Smith, 31, also of Arlington, sustained a fractured leg and a laceration of the head and is reported in "satisfactory" condition at Winchester Memorial Hospital.

Trooper J. H. Smith of the Virginia State Police said the accident occurred about 1 p. m. on a straight stretch of highway.

Miss Martin was born April 20, 1928, near Oakland, and was a daughter of Carl Martin, Gorman, and the late Anna (Bachtel) Martin.

Also surviving, besides her father, are five sisters, Mrs. Rhea Brady, Midland, Texas; Mrs. Norman Koslap and Mrs. Blanche Kiser, both of Garfield, N. J.; Mrs. Vida McCrombie, Gorman, W. Va., and Miss Ula Mae Martin, Passaic, N. J.; two brothers, Denver Martin, New Castle, Ind., and Randall Martin, Gorman; four half-sisters, Judy, Elma, Kela and Lenora Martin, all at home, and two half-brothers, Dean and Dennis Martin, also at home.

Funeral services will be conducted Wednesday at 2 p. m. at Red House Lutheran Church by Rev. William Renn, pastor. Burial will be in Red House Cemetery.

The body is at the Bolden Funeral Home, Oakland.

Area Students Badly Hurt As Car Hits Tree

Two Frostburg State Teachers College athletes were badly injured early yesterday morning when the car in which they were riding crashed into a tree in Lonaconing.

The youths, Richard McPartland, 22, of 10 Allegany Street, Lonaconing, and Ronald Joseph Young, 18, of Barton, were listed in "fair" condition last night in Miners Hospital, Frostburg.

McPartland suffered lacerations of the forehead, multiple contusions and lacerations of the leg, and Young underwent surgery for a severely lacerated throat and multiple lacerations on the head and face.

Maryland State Police said the accident occurred at 1:30 a. m. in Lonaconing when the car operated by McPartland, traveling north on Route 36, failed to negotiate a right turn.

Trooper First Class D. A. Tucker said the vehicle ran off the west side of the highway, crashed through a lawn fence and hit a tree.

The students were returning to their homes after a weekend soccer tour.

Two Cambria County, Pa., residents were badly injured Saturday night in a similar accident.

Admitted to Bedford County Memorial Hospital were Ralph Leidy, 60, and Margaret Leidy, 59, both of Mineral Point.

Mr. Leidy, driver of the vehicle, suffered broken ribs and brush burns in the accident, and the passenger a deep laceration of the neck after her head went through the windshield.

Pennsylvania State Police at Bedford said the accident occurred Saturday at 10:05 p. m. on a rural route 6½ miles north of Bedford.

They said the vehicle went out of control rounding a right curve, went off the left side of the highway and hit a tree head-on.

Deaths

Deffibaugh, Mrs. Diana, 76, native of Shaff.

Fint, Mrs. Fronia A., 74, Aurora, W. Va.

France, Mrs. Benjamin, 83, RFD 4, Meyersdale, Pa.

Hoymann, James W., 42, of 639 North Mechanic Street.

Hummel, George M., 70, Grantsville.

Kinsinger, Mrs. Mary J., 87, Grantsville.

Krause, Mrs. Charlotte, 78, Frostburg.

Lease, Adam M., 77, Points, W. Va.

Lewis, James B., 67, Frostburg.

Raepach, Albert D., 34, formerly of 105 Bedford Street.

Sisk, Maurice L., 82, Deer Park.

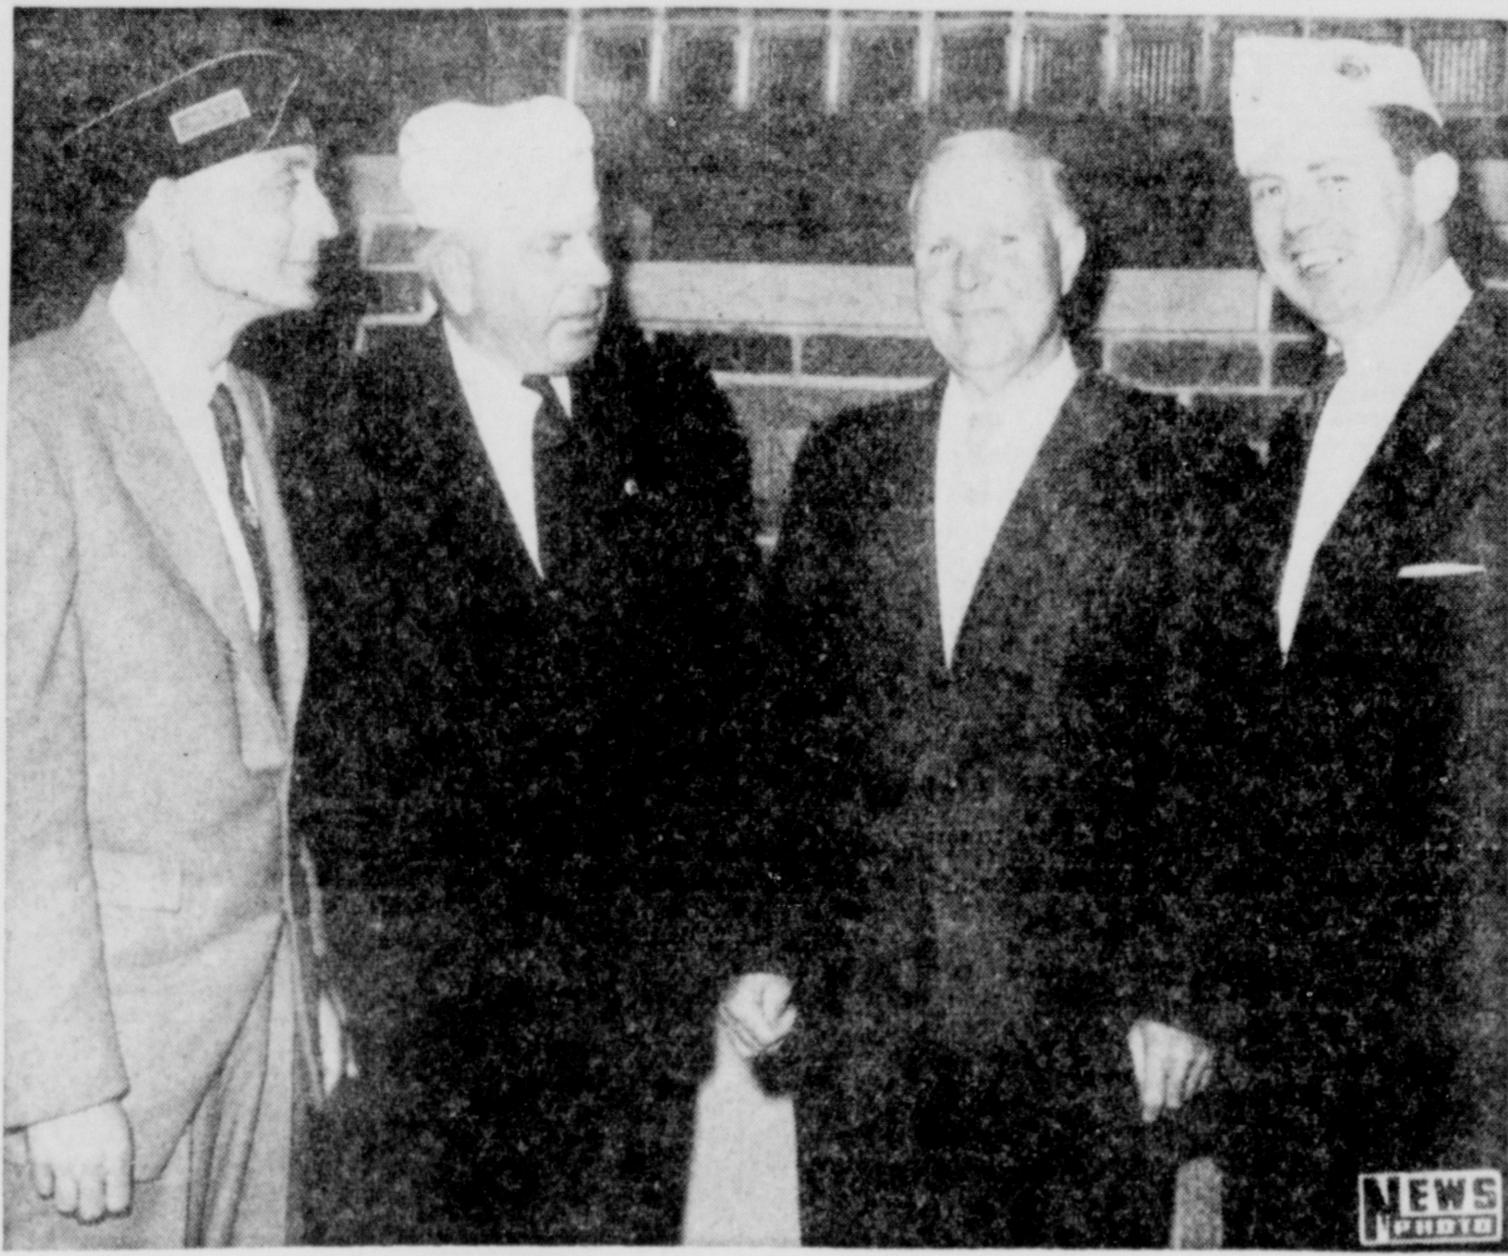

Slemon, Mrs. Anna, formerly of 104 Columbia Street.

Trenton, Earl R., 70, Keyser, W. Va.

White, Mrs. Harry, Washington, Iowa.

Woy, William L., 45, Keyser, W. Va.

Legion Commanders Confer

Legionnaires from 16 American Legion posts in West Virginia met yesterday afternoon at the Ridgeley Rod and Gun Club for the 10th District meeting. Shown left to right are William C. Kniereim, commander of Knobley Mt. Post, Ridgeley; Dewey

W. Mertz, department commander of West Virginia; Congressman Harley O. Staggers of the Second Congressional District of West Virginia, and John W. Sloan, department commander of Maryland. Rep. Staggers and Mr. Mertz spoke.

Cable Break Attributed To Bullet

A cable crew was dispatched to Polish Mountain yesterday afternoon after a telephone cable went out of service.

Robert G. Garner, local manager, said it was believed that a bullet hole caused the trouble which put out 44 talking and two teletype circuits.

A repair crew, headed by C. R. Alter, was sent to the site of the damaged cable which instruments pinpointed to the Polish Mountain section.

The cable trouble affected trunk lines connecting Cumberland, Oakland and Piedmont to Baltimore.

Mr. Garner said trunk calls were rerouted by way of Bedford and Pittsburgh.

No difficulty was anticipated in repairing the cable break.

Evitts Creek Rec Center Work Begins

Dam Will Create Seven-Acre Lake

Construction will begin this week on a dam across Evitts Creek to create a seven-acre lake near where the Industrial Boulevard will enter this city.

The lake will be the principal feature of a private recreation center which is being developed by James A. Avirett, local attorney, and his brother, John W. Avirett, Baltimore.

The artificial lake will be located on Evitts Creek, directly north of the new Evitts Creek bridge being built on Route 51 by the State Roads Commission.

The dam will be built by the George Construction Company, which is erecting the nearby prestressed concrete bridge for the S.C.R.C.

The excavation for the dam and pond, preparation of the shoreline slopes of the lake, and grading and leveling of adjacent areas will be done by the Hout Construction Company.

Site Is Cleared

The latter company began grubbing and clearing the site last week, and construction for the dam itself is slated to begin late this week.

The dam was designed by William E. Piper, who recently engineered for the City of Cumberland the five-mile water line to Works 7 of the Pittsburgh Plate Glass Company.

Mr. Piper will also have engineering supervision of the project.

The dam will have a concrete base, concrete wing walls and upright steel and wood face.

It will be designed so portions of the face will break and relieve pressure in case of a major flood.

The dam contract will also include the concrete lining of the sloping side of the channel between the dam and the new Route 51 bridge.

Sponsors of the project have offered free topsoil to municipal, church or civic groups.

The area is being developed as a fishing, boating, picnic and recreational facility and will provide ice skating facilities during cold winters.

To Be Landscaped

Mr. Avirett said the work is being coordinated with the SRC bridge project and that when the bridge is ready for use, Evitts Creek will be diverted into the lake.

The water will leave the man-made lake and flow under the million-dollar archway built by the B & O at Evitts Creek.

The dam Mr. Avirett explained, will provide an attractive lake and landscaped park in what would have been a swamp.

The lake is expected to improve fishing in the Evitts Creek watershed and will provide a refuge for migratory fowl.

The lake is expected to be ready for use next spring.

Jewish Youth Group Reviews Problems

The Jewish Youth of Cumberland held its first meeting recently in the vestry of B'er Chayim Temple, with Jeffrey Getz presiding. After a general discussion of projects, the president outlined several youth plans for the coming year.

A panel discussion on Jewish teen-age problems was held by Miss Theota Lee Kompanek, this

Tyrone and Mechanicsville, Pa., and Mechanicsville, N.Y.

Dr. Hohing Begins Cumberland Practice

Dr. John M. Hohing of Lonaconing has begun the practice of dentistry in Cumberland as an associate of Dr. A. G. T. Twigg at 117 Baltimore Street.

A native of Lonaconing, Dr. Hohing has been engaged in the practice of dentistry there since 1947 except for two years service in the Air Force during the Korean War. He was graduated from the University of Maryland College of Dental Surgery and is the current president of the Allegany-Garrett County Dental Society.

He is married to the former Miss Theota Lee Kompanek, this

Cities Will Mark United Nations Week

BALTIMORE, Oct. 13 (AP)—More than 140 mayors in Maryland have been asked to plan observances for United Nations Week starting Sunday.

Jacob Blaustein, state chairman, said 12 mayors in the state already have named committees and indicated interest in the observance.

He said the 12 mayors are from

Easton, Cumberland, Sharpsburg,

College Park, North Beach, Bur-

kittsville, Princess Anne, Glen

Echo, New Windsor, Colmar,

Brookville and Annapolis.

Joining in the observances will

be church and synagogues

throughout the state.

Flames Sweep Apartment In Frostburg

Two Firemen Slightly Hurt

A disastrous fire was averted last evening through quick action of the Frostburg Volunteer Fire Department in bringing under control a blaze in a building housing a store room and three apartments at 197-199 East Main Street.

Joseph Durst Jr., a member of the fire department was driving along Main Street near Grant at 6 p. m. when he saw smoke coming from the building. He drove to the fire station, sounded the alarm and had the truck on the way to the scene before residents of one of the apartments were aware of the fire.

Living in the building, which is owned by the Merrbach heirs, were Mrs. Edna Merrbach and her son and daughter Terry and Phyllis, in Apartment No. 1; Mrs. Mabel Merrbach in the second floor apartment and Clayton Merrbach in the third. The storeroom has been empty.

Water Supply Lacking

According to Fire Chief Paul Haberlein, most of the damage was in Clayton Merrbach's two-room apartment where the fire did extensive damage in the ceiling, walls and floor. It was in the apartment or the basement underneath where the fire apparently originated, said Haberlein.

The other two apartments suffered mostly water and smoke damage to furniture and walls.

Firemen were hampered by small water lines in this area of the town. Mayor Joseph James, who was on the scene said it was for this very reason that the council recently turned down the application of a number of residents of Eckhart to extend water lines and serve 40 to 50 families.

The opening night of activities of the club headed by Miss Johanna Armentrout, Ridgeley High School student, will be this Wednesday at 7:30 p. m.

A letter has been sent to parents in Ridgeley and immediate area by William Kniereim, commander of Knobley Mountain Post 136, who cites the need for youth activities.

The American Legion in Ridgeley has opened its doors to the young people of that community and nearby areas in order that they may have facilities for a Teen Club.

The opening night of activities of the club headed by Miss Johanna Armentrout, Ridgeley High School student, will be this Wednesday at 7:30 p. m.

A letter has been sent to parents in Ridgeley and immediate area by William Kniereim, commander of Knobley Mountain Post 136, who cites the need for youth activities.

The Legion committee's co-chairman are Jack D. Cornett, police chief, and Ralph Imes, a former member of the mayor and council, police department, and public school officials.

Approximately 20 reservations have been made for the Allegany County Poultry Tour which will be held on Wednesday.

Joseph M. Steger, county farm agent, said the group will leave the Court House at 8 a. m. and make the first stop at the Harvey Glass farm between Frostburg and Grantsville to see 4,000 bronze turkeys on blue grass and clover range.

At 9:15 a. m. the tourists will leave for Springs, Pa., where they will visit the egg laying flock of 2,500 leghorns owned by Eddie Davis. He will discuss egg problems.

According to Mr. Merrbach the building was partially covered by insurance.

Turkey Is Detoured

The Shaft Fire Department was called to stand by at the Frostburg station as all local equipment was taken to the fire, three trucks and an equipment truck.

Westbound traffic was held up on Main Street while eastbound traffic was rerouted on Bowery to Washington Street, to Beall High School and back on Route 40.

Chief Haberlein reported that two firemen were slightly injured. Thomas Gracie received a laceration of his hand on a broken window pane. Dr. Martin Rothstein took him to the hospital for treatment. Three stitches were used to close the wound. Donald Connors received a bump on the head from falling debris. No treatment was necessary.

The building where the fire occurred was of frame construction. A bakery was located on one side and a brick residence on the other. Neither of these properties was damaged.

Will Leave Hospital

Mrs. C. William McDermott, 850 Gephart Drive, who underwent surgery in Sacred Heart Hospital recently, is recuperating and expects to return home tomorrow, according to the hospital.

After leaving that farm the tourists will stop at Northern High School and will be served lunch in the school cafeteria by Mrs. William Harman, manager.

During the early part of the afternoon a visit will be made to the Harold Gney broiler farm on Route 219 near Oakland. Broilers about three weeks old will be viewed.

Will Visit Plant

The Sterling Processing plant recently opened in Oakland will be the next stop. This is one of the newest and most up-to-date plants of its kind in the country, processing about 40,000 turkeys or 18,000 turkeys per eight hour day. Earl Thomas is manager.

The eighth and final stop will be the poultry laboratory in Oakl-

and under the supervision of Dr. Donald R. Glotfelter of the Maryland Livestock Sanitary Service.

The group is expected to arrive back at the Court House about 6 p. m., completing about 127 miles.
